NOTICE OF RECEIPT OF A PERMIT APPLICATION
FOR A SOLID WASTE DISPOSAL FACILITY

Packaging Corporation of America has applied to the Tennessee Department of Environment and Conservation (TDEC) Division of Solid Waste Management (DSWM) for a solid waste disposal facility permit to construct and operate a new Class II landfill, Packaging Corporation of America Ash Landfill, IDL 36-0221. The facility is located in Hardin County, off of Campbell Old Mill Road, Counce, Tennessee (latitude 35°01'21" N/longitude 88°18'10" W). The waste materials to be accepted are classified as site-generated unusable wood fiber and solids recovered from the onsite wastewater treatment system and bottom ash and fly ash from onsite power boilers.

Under State law, the applicant must obtain a permit before constructing or operating the proposed facility. DSWM has received a Part I Permit Application indicating Packaging Corporation of America's desire to obtain the required permit.

A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 0400-11-01-.02(3)(c). Upon receipt of a complete Part I and Part II application, DSWM will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Tennessee Rule 0400-11-01-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, DSWM will make a tentative decision to either grant or to deny the permit and will issue a public notice of such decision. This second notice will provide the public at least 45 days to submit written comments on the proposed action and to request a public hearing (a public hearing may be announced in this second notice if there is already significant public interest). If there is a significant degree of public interest found following the publication of this second notice, a public hearing will be scheduled, and a public notice issued at least 15 days before the hearing. After considering all comments received, the DSWM Director shall issue a final permit decision and a response to comments.

Further information on this matter may be obtained by contacting the Division of Solid Waste Management at the TDEC Jackson Environmental Field Office, 1625 Hollywood Drive, Jackson, Tennessee 38305, telephone: (731) 512-1300; or Mr. Richard Holland, Environmental Project Manager, Packaging Corporation of America, P.O. Box 33, Counce, Tennessee, telephone: (731) 689-1356.

Persons who wish to be on the Division of Solid Waste Management's mailing list should obtain a Mailing List Request form by calling or writing the Public Participation Officer, Division of Solid Waste Management, Tennessee Department of Environment and Conservation, William R.
